

RAPPAHANNOCK COUNTY

# Broadband Needs Assessment Survey

*Rappahannock County* and the *Center for Innovative Technology* need your help to identify local broadband needs and demand as part of a countywide Internet access assessment.

Take the survey online at:  
[www.RappBroadband.org](http://www.RappBroadband.org)

*No Internet service?*

Pick up a paper copy at the public library, county administrative offices, elementary and high schools, and many local businesses.

To request a paper survey be mailed to you, call (540) 987-0088 or email [rappbroadband@gmail.com](mailto:rappbroadband@gmail.com)

**Survey ends October 31, 2017**

Better broadband access can enhance the quality of life for many through increased access to health services, improved communication with friends and family, and faster home entertainment streaming, as well as opportunities for working, shopping, and education from home.

*Thank you for helping to improve broadband service in Rappahannock County!*

For more information on the survey and the work of the Broadband Committee, go to the website [www.RappBroadband.org](http://www.RappBroadband.org) or contact the Committee Chair, Supervisor John Lesinski, at [jdlesinski@rappahannockcountyva.gov](mailto:jdlesinski@rappahannockcountyva.gov).
